Education

Aug 2024 – Jun 2026	MSc in Finance, BI Norwegian Business School Asset Management (A), Financial Risk Management (B), Applied Valuation (B), Strategic Asset Allocation (A), International Finance (B). Master’s thesis: <i>“How does financial literacy – or lack thereof – influence risk-taking behaviour, overconfidence and portfolio construction among Norwegian investors?”</i> Shows that confidence shapes the relationship between knowledge and risk-taking, and that less financially literate investors systematically overestimate their own competence.
Jul 2025	Python Fundamentals for Machine Learning (summer course), Aarhus University (Denmark) Intensive summer course in Python for data analysis and machine learning. Completed with top grade (12/A).
Aug 2021 – Jun 2024	BSc in Finance, BI Norwegian Business School Behavioral Finance (A), The Firm (A), Digital Tools and Financial Analysis (A), Financial Econometrics (B), Options and Futures (B).
